No.Roc.Y.2.558/48 dated 26/4/49.

Sir,

Sub:- Agriculture - Indian Central Cotton Committee - Scheme for the improvement of westerns cotton in the Madras Province.
Ref:- Government Memo.No.17995.A.II/48-10 Development dated 28-3-49.

I submit herewith in duplicate, the detailed budget for 1949-50 for the period from 1-5-49 to 31-3-50.

2. In this revised budget an excess amount of Rs.620/- towards the House rent allowance of the staff has been provided for since the staff are to be stationed in Bellary which is included in the list of towns carrying a population of 50,000 and over as per G.O.No.78 Finance dated 6-2-1947, and facilities of station wagon are to be extended to them for moving to Hagari every day. This additional amount may be met from the savings in the first year of its working. The Indian Central Cotton Committee need be approached only at a later date for the additional grant required if it could not be met from the Savings.

3. I submit that a sum of Rs,6,000 has now been provided for the construction of storeroom as the original provision of Rs.4000 is inadequate for the construction of a Pucca building, proof against white ants and rats, which is very essential. I request that Government may be pleased to sanction this in view of the reduction in the construction of residential quarters and in view of the express need for a pucca building.

4. I request early orders of Government so that the scheme may be commenced very soon.

Subject :— Scheme for improvement of Westerns Cotton in Madras Province - Budget for 1949-50.

Sir,

With reference to the above budget received with your letter No.44513 AII/49-1, dated the 11th May, 1949, I am to say that as the first full year's sanctioned grant for the scheme is Rs.16,558/-, the proportionate grant for the period from 1st May, 1949 to 31st March, 1950 amounts to Rs.14,182/- including full cost of Macarthy gin and Avery and Cement Balances, against the actual budget amount of Rs.15,210/-. Kindly let me know whether it will be possible to meet the anticipated excess expenditure of Rs.1,028/- from savings in the 1st year of the scheme. If not proposals for the additional grant required including the provision for house rent allowance, which being a new item of expenditure

requires the specific sanction of the Committee may kindly be sent in due course for the consideration of the Committee.

The budget is approved for the proportionate grant of Rs.14,182/- and the grant will be sent in equal monthly instalments. Details of the provision made for the pay of establishment and of the names and dates of appointments of the staff may kindly be supplied at an early date. The exact date of starting of the scheme may also kindly be intimated.

Yours faithfully,

.....

I submit that even before the sanction of the above scheme dearth of necessary accomodation for store has been felt in the Agricultural Research Station, Hagari/with the launching of the western scheme the store accomodation is very keenly felt than before. Therefore I feel that construction of a store room is very essential. Owing to the severe rat trouble and treacherous nature of the black soil the construction of a Kutcha room will be uneconomical in the long run as the scheme is likely to be continued beyond the present sanctioned period of five years. Moreover such Kutcha buildings constructed on black soils crack very badly and affected by white ants, deteriorate quickly. In view of the above; construction of a pucca store room is necessary.

p.t.o.

A sum of Rs.3000/- has been provided in the scheme for the construction of the stone moor. I request that the Government may be pleased to sanction this to start the moor from a pucca bulletin.

[From the D.A. No. 2558 dtd 2 - 7 - 48

To M.S. In his letter dated 9-2-1948, the D.A. submitted a "Scheme for the improvement of western cotton in the Madras Province". In the above scheme the D.A. made the following provision for building construction:—

(1) Quarters for two Asstts .. Rs. 10,000/-.
(2) " four Fieldmen .. Rs. 12,000/-.
(3) " one clerk Rs. 3,000/-
(4) Store-room Rs. 4,000/-.
29,000

As the Govt. as a matter of policy have ~~not~~ been deferring all building works except very exceptional and urgent works in view of the high cost of labour and building materials, it was considered that the above expenditure may be cut out. In their letter of last at p. 65 C F of (M) the J.C.C.C. emphasised the need for the construction of the above building constructions. The J.C.C.C. were informed that this Govt. have examined all aspects of the question & are of the view that the construction of residential quarters for the staff to be employed in the scheme is not absolutely essential. As regards the construction of a store, it was pointed out the Committee were informed that it was proposed to ask the D.A. at the time of sanctioning the scheme to submit proposals for the construction of a kutcha building at a lesser cost, if necessary accommodation for the purpose cannot be found from the existing farm buildings at the Agrl Research station, Hagari. The scheme for the improvement

of the western cotton in Madras Province has since been sanctioned in G.O.No. 1173-76CF(M) 2362, Dev, dated 3/5/49. With reference to 'z' on p2 above, ~~In last para of the~~ said orders the D.A. has been asked ~~to submit~~ to submit proposals for the construction of a thatched building, if necessary accommodation for the store-room required for the scheme cannot be found from the existing farm buildings at the station. For the reasons stated in ~~the~~ this letter at p.p. 9-10 C.F., the D.A. considers that it is essential to construct a fresh building for the store-room ~~in question~~. As the original provision of Rs. 4,000/- is inadequate for the construction of a fresh building, the D.A. has now provided a sum of Rs. 6,000/- for the same. In the circumstances reported by the D.A. this Dept. may agree for the construction of a store room at a cost of Rs. 6,000/- For orders.
